

Child Protection Workshop

The City of Rockingham is hosting FREE information workshops presented by Protective Behaviours WA for parents and carers in Rockingham. These workshops are a must for all parents and carers. This comprehensive training workshop has been designed to teach parents how to keep your children safe and provides strategies to cope with situations that threaten their wellbeing such as bullying, child abuse and domestic violence. The program empowers individuals with the right to feel safe and how to gain the appropriate help when needed.

Please be aware that this workshop is aimed at parents. Creche facilities are available by RSVP only.
