TURNING CONVERSATION INTO ACTION

Speakers:

- Dr Coz Crosscombe, Community Engagement Pastor and consultant to the Anglican Diocese
- Marly Wells, Manager Family and Community Engagement, Connected Beginnings
- Meron Looney, NT Manager, NAPCAN

In this webinar on **Wednesday 8 September 2021** we discussed:

- organisations working together in marginalised communities
- how to engage the community in conversations
- connecting communities from a faith-based perspective
- tips for community members wanting to be heard
- examples from principles and motivations from other communities
- community consultation and program development.

The theme for National Child Protection Week (5 - 11 September 2021) was **Every child, in every community, needs a fair go.**

To treat all of Australia's children fairly, we need to make sure every family and community has what kids need to thrive and be healthy.

But not every family has these resources.

This is why we need to support every child, family and community according to their needs.

This will create a healthier, fairer Australia for all children.

During the week a series of webinars was curated to explore this theme. The following sheet provides links to resources and topics that relate to the above webinar, to help us **turn this conversation into action.**
